WHAT'S NEW AROUND DSC...

31st Annual Tree of Hope Campaign

We would like to express our heartfelt gratitude to The Gaffney Family for sharing their inspiring story of hope, resilience, and determination, as well as how DSC has supported Addelyn and their journey.

During this campaign, we set our largest fundraising goal to date—\$300,000. While we didn't quite reach that milestone, we are thrilled to share that we raised more than ever before—over \$267,000! We extend

our deepest thanks to every donor whose generosity brings hope to the people we support and to the sponsors who make it possible. Because of you, every donation from the Tree of Hope goes directly toward our programs and services, allowing DSC to continue providing essential support to more than 1,200 children and adults with intellectual and developmental disabilities in Champaign and Ford counties.

Thank you for helping us light the Tree of Hope and for being part of our mission to support people in living a rich and meaningful life!

2024 IARFuture Leadership Program

Kim Hottman, DSC Community Day Services Manager, recently participated in and graduated from the IARFuture Leadership Initiative program. This is a one of a kind program hosted by the Illinois Association of Rehabilitation Facilities (IARF) and is designed to develop, train, and strengthen future generations of leaders working in not-for-profit social services agencies. The program focuses on organizational culture, strategic thinking, planning, decision making, and system advocacy preparing leaders of tomorrow. Here's what Kim had to say, "I appreciated the opportunity to participate in the IARF Futures program. The program gave me an opportunity to acquire new skills and tools to expand the ones that I have. I had the chance to connect with and learn from others in the field that could relate to the same experiences within this profession. It was wonderful to meet peers that have the same motivation and compassion for those they serve as we do here at DSC."
